Notes to Interim Consolidated Financial Statements—Unaudited

1. BASIS OF PRESENTATION OF INTERIM CONSOLIDATED FINANCIAL STATEMENTS

NTT FINANCE CORPORATION (the "Company") maintains its books of account in accordance with the provisions set forth in the Companies Act of Japan and the Financial Instruments and Exchange Act of Japan and in conformity with accounting principles generally accepted in Japan, which are different in certain respects as to application and disclosure requirements of International Financial Reporting Standards. The accompanying interim consolidated financial statements have been compiled from the interim consolidated financial statements that were filed with the Director of the Kanto Local Finance Bureau as required by the Financial Instruments and Exchange Act of Japan. In preparing the accompanying interim consolidated financial statements, certain reclassifications and rearrangements have been made to the consolidated financial statements issued domestically in order to present them in a form that is more familiar to readers outside Japan.

The accounting standard for quarterly financial statements requires companies to prepare a set of interim consolidated financial statements for each quarter comprised of the consolidated balance sheet as of the current quarter-end and the consolidated statements of income, comprehensive income and cash flows for the year-to-date period. Consolidated statements of changes in net assets are not required.

Effective April 1, 2011, under the revised accounting standard for quarterly financial statements, the year-to-date consolidated statements of cash flows for the first quarter and the third quarter are not required but may be prepared at the company's option. In addition, the consolidated statements of income and comprehensive income for the current quarter are not required but may be prepared at the company's option.

The consolidated statements of cash flows and changes in net assets are not presented herein.

The accompanying consolidated financial statements are stated in Japanese yen, the currency of the country in which the Company is incorporated and operates. As permitted by the regulations under the Financial Instruments and Exchange Act of Japan, amounts of less than one million yen have been omitted. As a result, the totals shown in the accompanying interim consolidated financial statements in yen do not necessarily agree with the sums of the individual amounts.

The translation of Japanese yen amounts into U.S. dollar amounts is included solely for the convenience of readers outside Japan, as a matter of arithmetic computation only, and has been made at the rate of \(\frac{\pmathbf{\frac{4}}}{102.91}\) to \(\frac{\pmathbf{1}}{1.00}\), the approximate rate of exchange at June 30, 2016, and then the translated amounts have been rounded down to the nearest thousand. As a result, the totals shown in the accompanying interim consolidated financial statements in U.S. dollar do not necessarily agree with the sums of the individual amounts. Such translation should not be construed as representations that the Japanese yen amounts have been, could have been, or could in the future be, converted into U.S. dollars at that or any other rate.

2. SIGNIFICANT ACCOUNTING POLICIES

Substantially the same accounting policies have been followed in these interim consolidated financial statements as were applied in the preparation of the consolidated financial statements for the year ended March 31, 2016.

3. CHANGE IN ACCOUNTING POLICY

Depreciation method for property, plant and equipment

Previously, the Company had principally adopted the declining-balance method as the depreciation method for property, plant and equipment except for buildings. However, the Company has adopted the straight-line method of depreciation from the first quarter of the year ending March 31, 2017.

The background of this change was that NIPPON TELEGRAPH AND TELEPHONE CORPORATION ("NTT"), the parent company of the Company, and its subsidiaries in Japan switched the depreciation method for property, plant and equipment from the declining-balance method to the straight-line method from the first quarter of the year ending March 31, 2017.

Therefore, the Company reviewed the utilization pattern of its property, plant and equipment. As a result of the

review, the Company concluded that it is appropriate to adopt the straight-line method as the depreciation method for all property, plant and equipment considering the Company's operations in both financial and settlement services in cooperation with NTT Group.

This change has had an immaterial impact on operating income and profit before taxes for the three-month period ended June 30, 2016.

4. ADDITIONAL INFORMATION

Application of Implementation Guidance on Recoverability of Deferred Tax Assets
The Company has applied the Implementation Guidance on Recoverability of Deferred Tax Assets (Accounting Standards Board of Japan ("ASBJ") Guidance No. 26, issued on March 28, 2016) from the first quarter of the year ending March 31, 2017.

5. SECURITIES, INVESTMENT SECURITIES AND INVESTMENTS IN VENTURE BUSINESSES

The amounts of securities, investment securities and investments in venture businesses including carrying amounts on the accompanying interim consolidated balance sheet do not change significantly compared to those as of March 31, 2016.

6. EQUITY

Dividends

The following dividends are paid during the three-month periods ended June 30, 2016 and 2015:

			Three-Month	Period Ende	d June 30, 20	16		
Resolution	Class of Shares	Total Dividends (Millions of Yen)	Total Dividends (Thousands of U.S. Dollars)	Dividends per Share (Yen)	Dividends per Share (U.S. Dollars)	Record Date	Effective Date	Source of Dividends
Annual shareholders' meeting held on June 17, 2016	Common stock	¥ 3,113	\$ 30,256	¥60,620.00	\$ 589.05	March 31, 2016	June 20, 2016	Retained earnings

Change in depreciation method for property, plant and equipment

As described in "Change in Accounting Policy," previously, the Company had principally adopted the declining-balance method as the depreciation method for property, plant and equipment except for buildings. However, the Company has adopted the straight-line method of depreciation from the first quarter of the year ending March 31, 2017.

The background of this change was that NIPPON TELEGRAPH AND TELEPHONE CORPORATION ("NTT"), the parent company of the Company, and its subsidiaries in Japan switched the depreciation method for property, plant and equipment from the declining-balance method to the straight-line method from the first quarter of the year ending March 31, 2017.

Therefore, the Company reviewed the utilization pattern of its property, plant and equipment. As a result of the review, the Company concluded that it is appropriate to adopt the straight-line method as the depreciation method for all property, plant and equipment considering the Company's operations in both financial and settlement services in cooperation with NTT Group.

This change has had an immaterial impact on segment profit for the three-month period ended June 30, 2016.

Significant loss on impairment of long-lived assets by reportable segment

For the three-month periods ended June 30, 2016 and 2015, there is no applicable information to disclose.

Significant change in the amount of goodwill by reportable segment

For the three-month periods ended June 30, 2016 and 2015, there is no applicable information to disclose.

Significant gain on bargain purchase by reportable segment

For the three-month periods ended June 30, 2016 and 2015, there is no applicable information to disclose.

12. SUBSEQUENT EVENTS

There are no significant subsequent events to disclose.
