3. Matters regarding changes in reportable segments, etc.

(Changes in reportable segments)

Effective April 1, 2012, "Venture capital" was integrated into "Investment" as a result of consideration of the affinity between the two segments and a decrease in assets in the venture capital segment.

(Addition to reportable segments)

Effective July 1, 2012, our new reportable segment "Billing" was added to the reportable segments as a result of our launch of new services for the billing and collection of telecommunications service charges.

Consequently, although the reportable segments previously consisted of five segments, namely, "Lease," "Loan," "Venture capital," "Investment" and "Credit card," they now consist of five segments, namely, "Lease," "Loan," "Investment," "Credit card" and "Billing."

The segment information for the nine months ended December 31, 2011, which is disclosed in this report, is prepared based on the segmentation of reportable segments applicable for the nine months ended December 31, 2012 (except "Billing," which was added effective July 1, 2012).
